DETAILED ACTION

Reasons For Allowance

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 13 and 20, the claimed combination including the limitations directed to the specifics of a rocker arm assembly comprising a locking pin housing on an inner rocker arm at least partially within the open space between two rail portions of an outer arm and having a locking pin bore formed therein; and a first locking pin and a second locking pin selectively movable within the bore between an extended position in which the first and the second locking pins extend into the locking pin holes thereby to prevent relative movement between the inner rocker arm and the outer rocker arm, and a retracted position in which the first and second locking pins do not extend into the locking pin holes, is not disclosed or rendered obvious the art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
